Readyprint Comics

A great many newspapers carrying colored comic sections buy readyprints because they do not have sufficient color-printing facilities or because they find it less expensive. Of all the newspapers buying readyprint comics, King Features Syndicate supplies more than half.

King Features readyprint comic sections are available in 4, 8, 12, 16 and 24 pages, with choice of comics.

If you have no colored comic section, or if you want to improve your present one, write to us for complete details.

Now available, a complete 16-page ADVENTURE supplement in quarter standard-page size; all new subjects entirely different from our regular features. Readyprint in color or matted in black or colors.
